

Shoe Kits

for 3000 and 6000 Series Harvesters

With new models and new options come new shoes.

3000 series harvester (Shoe kits will not change)

- Order part number 62442 >> XL Shoe Kit
- Order part number 62443 >> 2001-2005 Non-XL Shoe Kit (straight back machines)
- Call your dealer for information on shoe kits prior to year 2001.

6000 series harvesters

- Order base kit 601320.
 - The base kit includes each shoe below in green.
 - The same shoes used on all 6000 series harvesters.
 - Base kit includes hardware for the base kit and the add on shoes.
- Use the chart below to find the additional shoes needed for your harvester.

**Be sure to order the correct shoes for each of your machines:

- Early harvesters used quantity 4 of 142337 rear bottom shoe.
- Starting in 2013, harvesters began to use quantity 2 of 155748 and 2 of 155749 rear bottom shoe.
- If the harvester has been modified and updated, use the newer rear bottom bucket line shoes.
- Be sure to inspect each harvester before ordering parts.
